

SKULL MAN'S BOX WARS

CANADA CHAPTER

We want to live in a world of peace
but unfortunately certain humans and beings do not want any peace!

WAR IS COMING!!!

**What do you do when your life, your land,
your city or your planet is being attacked
by the forces of evil?**

The only thing you can do... Is stand up and FIGHT BACK!

This is where the Skull Man Box War chapter comes in:

Skull Man's Box Wars is a grand scale battle game that incorporates fantasy, performance art, theatre, and extreme sports. We showcase the age old war of good versus evil, in game-like battle scenarios that are fun, and safe. We are always looking for like minded creative people with guts to come out for our battles. So man/woman up and prepare yourselves for war!

Boxwars is a new, underground, international extreme sport phenomenon that is spreading from country to country. It's a game that is part fantasy, part role playing, and all fun!!!

All participants understand that there is a high level of risk involved. All Box Warriors are trusted to battle with control, safety, honour and respect to ensure the safety of all involved.

Where it started:

Boxwars originated in Melbourne Australia in 2003, and is maintained by the **Boxwars Council**. After negotiations with the **Boxwars Council**, **Skull Man's Boxwars** was formed in the Rockin' year of 2004.

A local rocker named **Skull Man** and his right hand man **Jason the Argonaut** leads the Canadian chapter. Skull Man's Box Wars operates out of Toronto, Ontario Canada. We run a stern ship and all players follow our rules and regulations if they want to play and be apart of us.

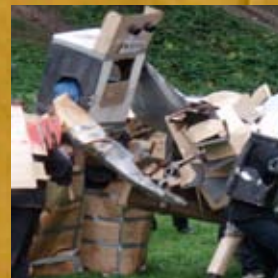

How we do it:

While following our building **rules and regulations** www.boxwars.tv/inf_guidelines.html Box Warriors put in their own individuality, character, creativity and initiative to build wild costumes and weapons with cardboard and duct tape.

We have different weapon and armour degree/categories that one will fall under from what people build. The building goal is to create cool, imaginative, outlandish costumes and weapons that will serve you well in battle, but not strong enough to hurt others.

All armour and weapons are inspected and approved by Skull Man and Jason before a Box Warrior battles in any of our wars.

How we play the game:

When Evil comes to town then a notification or "call to arms" from Skull Man is sent out. Box Warriors then assemble themselves and bring their costumes and weapons to a designated battleground to play the game. Before the game starts we recite the rules of battle, assign Box Warriors to teams and line everyone up to begin. The wars are fast and furious, similar to Lord of the Rings. The purpose is to destroy your opponent's costumes. Once your costume is destroyed, then you are out of the game. A costume is considered destroyed when the upper body / torso is removed from a player.

Our battles consist of team skirmishes and large scale battles. We have strict rules and regulations with the emphasis on safety and control.

Game rules are read out loud before each battle by Skull Man and Jason.

Battle Locations and Bookings:

Battles can take place anywhere and time! But typically we have battles in parks, or areas open to the public. The public are always welcome to come out to watch for an entertaining spectacle for our open battles. Private party and special event battle bookings are only open to select Box Warriors and guests of the event.

Wanted:

What we do might seem a bit overwhelming to take in, but it is one of the most outrageous and fun extreme sports that one can participate in. We are not Olympic athletes here and Box Warriors come in all shapes and sizes, male and female. Skull Man's Box Wars is something that challenges you in a way of your reaction time of how to react in the heat of battle in a fun satirical kind of way. We are always looking for like minded people to join the ranks of Skull Man's Box Wars. You can build your own armour and weapons or hire us to do it for you on an hourly rate. Being a part of Skull Man's Box Wars lets people bring out their inner super hero in a fun creative way. Sure you could go out and party your life away but instead why not try to do something meaningful and help fight off some of the evil scum that is plaguing our city.

What we are doing here is all about fun for all players in a controlled manner with your comrades, brothers and sisters backing you up and fighting by your side.

Phenomenon:

On a cold and rainy day on September 7th, 2008 the Space Channel came out and shot a segment on our chapter. The segment was featured on their show The Circuit. Not only did they shoot the battle, but one of the hosts of The Circuit, Teddy Wilson, also participated in the battle! He had a lot of fun, and battled with great honour!

Skull Man's Box Wars is unlike anything you have ever seen in movies, or life. The battles are real! The outcome is NOT fixed. This is not like wrestling on TV; it is not choreographed. It is an exciting experience for the Box Warriors and audience. There is simply nothing like it! You have to see it, to believe it!
